

I know how to open a new tab in my internet browser

It is easy for me to find a website I have visited recently

I know how to set restrictions on who can see my online information (e.g. friends, friends of friends or all users)

I know how to download and open files

I know how to use keyboard shortcuts (e.g. Ctrl + C to copy)

I know how to behave appropriately online

I know when I should and should not share information online

I know what restrictions on use and copyrights apply to online material

I find it easy to determine whether a website can be trusted

I know how to create something new from videos or music found online

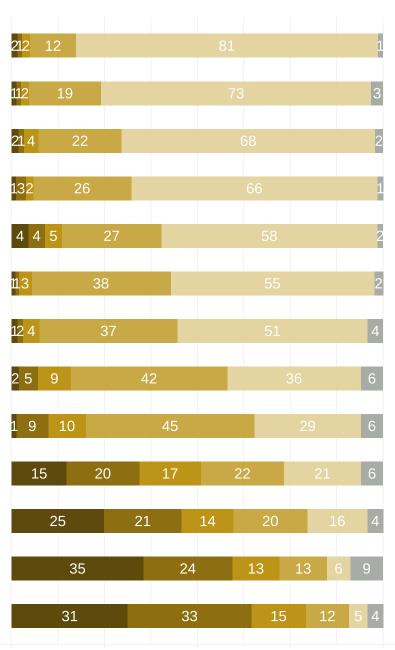

I know how to create a website

I know how to use programming languages (e.g. Python, C++)

Sometimes I find myself on websites without knowing how I got there
